A MASK FOR YOUR SILENT VOICE

DomoDeco Mask Your Silent Voice

Alluring in curves, Domodeco stands,
Beneath its mask, your voice expands.
Craft of the shadows, it´s sleek and refined,
Deep in the type, secrets entwined.

Embellishing words, yet hiding your face,
Fronted in mystery, a quiet embrace.
Geometric beauty, a hidden disguise,
Holding your thoughts where silence lies.

In its bold lines, a new world is cast,
Just like a veil, it makes the past last.
Keeping the truth, but changing the view,
Letters like masks, both old and new.

Mapping the mind, a hidden effect,
Never revealing, but always perfect.
Open yet closed, it speaks without sound,
Protecting your words, in mystery bound.

Quietly whispering, its symbols take flight,
Revealing nothing, yet still full of light.
Silhouettes of meaning, shadows so sleek,
Transforming the message, but never to speak.

Under the surface, the design holds tight,
Valued in stillness, yet full of bright light.
With every curve, it hides and it shows,
Xiphopagus style in every letter it knows.

Your words wrapped up in this font´s fine grace,
Zipping through time, it hides every face.

Description & Uses

DomoDeco is a very stylized font. Its design and style is inspired by Occult and Art Deco. DomoDeco is ideally for highly decorative use; things like posters, album or book covers, and store fronts. DomoDeco works best as an all caps font, but it can be used with a mixing of the cases as well. Small caps is my personal favorite style.
